

APEX BACKPACK FOR 17" LAPTOPS

Model #C7750

Hit the pavement with the ultimate commuter backpack. Designed as a cyclist pack, the slim body-hugging design is ideal for urban commutes. Features like adjustable sternum and waist straps keep the backpack secure while navigating busy streets. The top-load center laptop compartment keeps the laptop weight directly against the back for proper weight distribution. A host of internal and external pockets keep accessories in close reach.

PRODUCT FEATURES

- Adjustable, removable sternum strap
- Side strap pockets conceal a waist strap
- Four easily accessible pockets of varying sizes on the case exterior
- Breathable padded back and shoulder straps
- Triple compartment interior with padded laptop sleeve and zippered accessory compartment
- Comfortably fits most 17" models
